### 2014 Fall JUROR

#### Gordon Smedt

A native of the San Francisco Bay Area, Gordon first studied art at San Jose State University before continuing his education at Art Center College of Design in Pasadena California where he was twice awarded merit scholarships and graduated with honors receiving a Bachelor of Fine Arts degree in 1986.

“I was honored to be selected as the Juror for the LGAA Member Juried Show 2014. I am impressed with the number of artists participating and the variety of subject matter and technique. Along with the diverse works of art submitted, came a great range of experience and skill level.

“I found it difficult to find a fair and methodical way of judging this body of work given my instructions to select only a fraction of the work submitted. Regardless of one's experience and skill level, I believe anyone who puts in the time and effort to create art and is willing to put her/his work out for public admiration or criticism deserves to be included in the show.

“There are many artists who created more than one exceptional piece. However, due to the limited amount of work allowed in this show, only a few artists who I felt submitted the strongest work were selected to have two pieces presented.”
